

Omega Technologies

<https://www.omegatechnologies.in>

We have marked our company's presence as a well-known distributor and trader of an accurately designed range of Electronic Weighing Scale and others.

About Us

Omega Technologies is a trader and distributor established in the year 2021. We have commenced operations as a sole proprietorship owned firm and are dedicated towards offering a comprehensive range of Jewelry Scale, Roller Scale, Electronic Weighbridge and many more products. Our products have found application across the country for their matchless attributes and quality, just because we develop them incorporating superior quality raw inputs. We first check the quality of material on defined quality testing parameters and then allow making utilization of the same in products' development process. Apart from this, cutting-edge production techniques are adopted by us, through which, we have enhanced the efficiency of products and make them as per the rising demands of clients. Our promise to make timely shipment of the consignment has enabled us gaining the trust of our clients and remaining ahead of our counterparts. Mr. Riyaz Ali is the honorable proprietor of our organization, who has played a major role in establishing our name in the list of top-notch organizations. He with his sound domain expertise, managerial qualities, marketing skills and foresightedness has helped us attaining an eminent position in the market. Highly talented and hardworking team of professionals is working in our firm, who execute all trade operations cordially to ensure accomplishing the customers' requirements successfully....
